

Accounts Frozen Due to KYC Non-Compliance

As per Prevention of Money Laundering Act 2002, RBI has stipulated that all bank accounts have to be compliant with Know Your Customer (KYC) norms and the fresh KYC documents are to be obtained from the customers periodically. Hence all the esteemed customers of our bank were requested several times by virtue of public notices displayed at branches, to comply with the KYC guidelines of RBI by submitting identity proof, address proof and one of the latest passport size photograph along with duly filled KYC Updation Form to the concerned branch.

We have been following up with the customers for updation of KYC documents. However, still there are customers who have not updated. Hence, after giving due notice, we had frozen the transactions of such accounts and continued to follow up for update of KYC documents. It is hereby informed that such freezing shall be at your full risk, responsibility and costs and the Bank will not be liable/answerable for any loss, consequence or claims.

In the above context, if you find that your account is frozen, you are requested to submit recent KYC documents as per KYC guidelines and other details so as to regain operative status. The list of acceptable KYC documents towards identity proof and address proof is given below.

Identity Proof* (Any of the following documents)	Address Proof* (Any of the following documents)
